Subject: Panoramic Stereo Experiment,  Project 9039 STATINTL
STATINTL

Dear Myron:

We are enclosing five copies of our final report for the above project. The accompanying plot maps and exposed film from our test flights are being forwarded under separate cover. 

The report briefly states possibilities for further development of the panoramic stereo technique. If you have any questions about such a development, we will be happy to discuss them with you.

STATINTL

Sincerely yours,

Contracts Manager
